

**ROMO Wind AG is Named in the 2017 Global Cleantech 100 Ones to Watch List**  
***List Recognizes Up-and-Coming Private Companies in Clean Technology***

Zug, Switzerland – **November 7, 2017:** The Cleantech Group (CTG) today announced, that ROMO Wind AG, was named in the 2017 [Global Cleantech 100 Ones to Watch](#) list.

The GCT100 **Ones to Watch** list seeks to highlight a group of up-and-coming companies that are catching the eye of leading investors and corporates in the market. The companies made the top 250 in this year's [Global Cleantech 100 program](#) and carry pockets of strong support among the GCT100's Expert Panel, albeit they did not have quite enough market support to make the 9th edition of the Global Cleantech 100 list itself (which will be published on January 22, 2018). As such, these companies represent this year's Ones to Watch.

“The Global Cleantech 100 program is our annual in-depth research exercise to identify the innovation companies leading players in the market are most excited by right now,” said CTG's CEO, Richard Youngman. “By the nature of the list, the Ones to Watch truly represent the next cadre of exciting disruptive companies.”

“We are honoured to be named as one of the Global Cleantech 100 Ones to Watch companies and it accentuates us in being on the right path.” said ROMO Wind CEO Jan Nikolaisen

This year, a record number of nominations for the annual Global Cleantech 100 list were received: 12,300 distinct companies from 61 countries. These companies were weighted and scored to create a short list of 312 companies, with these nominees reviewed by the 86 members of Cleantech Group's [Expert Panel](#). The Ones to Watch list, a sister list to the annual Global Cleantech 100 list, is created from the top 250 of the shortlist. To qualify for either list, companies must be independent, for-profit cleantech companies that are not listed on any major stock exchange.

- The complete list of the Global Cleantech 100 Ones to Watch list was revealed on November 7, 2017. See the full list at <https://i3connect.com/gct100/watch-list>
